

Posting On Bulletin Boards and Grounds

Bulletin boards located in the Library are to be used for publicity about Library events and cultural and/or educational events in the greater Zionsville and metro Indianapolis area.

Notices for cultural and/or educational events, classes, speakers, entertainment, camps, etc. may include government agencies and organizations, and local businesses.

All notices for posting on any interior or exterior surfaces of all Library buildings and on Library grounds will be posted as space allows and require advance approval by the Library's Graphic Artist.

Oversized notices may be restricted in the interest of keeping space available.

Signs placed on Library grounds will be limited to those approved in advance or those promoting Library events.
