

## Helping the Friends of the Library While Shopping through Amazon.com

---

Place your Amazon.com orders through the [Library's Amazon link](#) and a percentage of your order goes to our Friends of the Library to help fund programs and services at the Library! It's very easy, but you need to follow the steps below:

### 6 Steps to Shopping with The Friends

---

Every time you use the link on the Friend's page, it is important to begin searching for items to order as an *anonymous user*.

**Step 1.** Click on the [Amazon link](#)

**Step 2.** Look at the top of the Amazon.com page. You want it to say "Hello, Sign in to Your Account".

**Step 3.** If you see "Hello (Your Name) Your Account" you must sign out. Sign out and return to the Friends of the Library page and click the Amazon link again.

**Step 4.** Once the top says "Hello, Sign in Your Account" you may begin building your order and placing things in your shopping cart, shopping as usual.

**Step 5.** At the time you are ready to check out, you will be prompted to log in as a user with your email address and password. Do this and proceed as usual with your payment.

**Step 6.** A portion of your purchase price, up to 10% on some items, will be sent to our Friends of the Library and it costs you nothing!

---

Shopping with Amazon is easy and is a great way to earn funds for our Friends of the Library to use to provide programs, services, and amenities for our Library.

**Thank you for your contribution!**
