

CREDIT/DEBIT CARD USE

This policy applies to all forms of credit/debit card processing on behalf of Hussey-Mayfield Memorial Public Library (HMMPL). Credit/debit card processing includes any related payment card transaction or other transmission, processing, or storage of credit/debit card data regardless of how that transaction occurs. This includes transactions initiated in-person, via telephone, in paper form, through a terminal, kiosk, computer system, website, mobile device or any other means.

Credit/Debit Card Processing

Library fees from customers may be accepted via credit/debit card payments. Employees who handle credit/debit card data agree to not disclose or acquire any information concerning a cardholder's account without the cardholder's consent. Employees will not sell, purchase, provide, disclose, or exchange credit/debit card account information or any other transaction data. Transaction fees are not passed on to the customer, but rather absorbed by the library.

Evergreen Payments

Customers may use credit/debit cards to pay fines and fees in Evergreen. The Evergreen system is contracted through the Indiana State Library to service the entire Evergreen Consortium and does not interact with the Hussey-Mayfield Memorial Public Library's website.

Adopted by the Hussey-Mayfield Memorial Public Library Board on August 20, 2007; 8/20/09; 8/12/11; 8/16/13; 10/10/14; 8/14/15; 2/18/16; 8/17/17; 9/19/19; 5/19/22; 5/30/24.
